

100 Day New Testament Challenge

The New Testament has 260 chapters so if you read an average of only three chapters a day you can easily finish it in just over three months. Built into this plan are a few “catch up” days early on if you by chance get behind. Throughout the challenge, the Sunday sermons will be taken from a passage you have read during the previous week. Our intention in this challenge is not simply to complete a task. Think of the impact it could have on our congregational family to have God speaking to us through His word as we are reading the same passages together each day.

Are you up for a challenge?
